New Post

The image shows the homepage of the iRecycler application. At the top, there is a decorative header featuring a bowl of dried flowers, a tablet displaying the app's interface, a pair of glasses, and a pencil, all set against a background of green leaves. The header includes navigation links: "Profile", "New Post", "test@gmail.com" (which is highlighted with a red rectangle), and "Logout". Below the header is a green search bar with the placeholder text "Search For Posts". The search bar is divided into three sections: "Search item name...", "Search category name...", and "Search location by zipcode...".
